

Office of Public Utility Counsel

Residential Retail Electric Providers (REPs) Serving Dyess Air Force Base (AFB) Area

In the area including and surrounding Dyess Air Force Base (AFB), you have the choice of many different REPs offering a variety of different electric plans and prices. While AEP Texas North is the utility company that maintains the wires and poles delivering electricity to your residence, they do not provide the billing and customer service for your electric plan. Your electricity will be delivered and restored by AEP Texas North regardless of who you choose as your REP. Below is an alphabetical listing of the REPs serving the Dyess AFB area and their contact information. Be sure to visit www.powertochoose.org to evaluate the specific plans offered in your zip code. A REP Comparison Worksheet, provided by OPUC, the state agency that represents the interests of residential and small business customers, is attached to assist you in shopping the electric market. You may reach OPUC toll-free at (877) 839-0363 or by visiting the website www.opuc.texas.gov.
